Dear Sir/Madam

Greetings from the Ciliate Biology Forum!!!

It gives us immense pleasure to announce that Ciliate Biology Forum, Delhi, India is organizing an “**International Symposium on Ciliate Biology 2018**” in collaboration with IRCN-BC (International Research Co-ordination Network- Biodiversity of Ciliates) an affiliated society of ISoP (International Society of Protistology) from April 4-6 at India Habitat Centre, Lodhi Road, New Delhi, India.

The symposium will focus on several aspects of ciliate biology such as their diversity, ecology, evolution, systematics, genomics, epigenetics, barcoding, proteomics, ciliates and industry, ciliates as model organisms in UG teaching and in research.

With this letter, we would like to invite you to participate as an esteemed ‘**Delegate**’ of this Symposium. As the website (www.iscb2018.com) is under construction, kindly find attached herewith the first announcement of ISCB 2018.

In order to help us in the preparation work and to pitch in for governmental funding, we request you to mail us at iscb2018@gmail.com to let us know that you choose to be a part of this endeavor. There are three portals that we are currently exploring for funding international delegates for which we need a list of international delegates.

Looking forward to your confirmation.

With best regards,

Komal Kamra

(Convener, ISCB 2018 with IRCN-BC [ISoP])

Associate Professor of Zoology

SGTB Khalsa College

University of Delhi

Delhi 110007
